

**LED BULB**

The Biggest Thing Since the Light Bulb.™

## Cautions and Warnings

### *Cree TW Series T8 LED Tube*

- Not intended for use with emergency exit fixtures or emergency lighting.
- Warning – Risk of Fire. Use only in place of fluorescent lamps specified on label.
- Risk of electric shock or burns. Turn power off and let cool before inspection or replacement. Do not open – no user serviceable parts inside. Use only on 120 volt AC circuits.
- Do not use if tube is cracked, broken or missing, even if lamp continues to light.
- Suitable for use in operating environments between -25°C and +45°C (-13°F and +113°F).
- Caution: if the lamp or luminaire exhibits undesirable operation (buzzing, flickering, etc.), immediately turn off power, remove lamp from luminaire and contact manufacturer.
- This lamp will only operate on T8 electronic ballasts. Most electronic ballasts support 25W/48T8/HF, 28W/48T8/HF, and 32W/48T8/HF and are therefore compatible with this lamp.
- Direct replacement for 25W/48T8/HF lamps only.
- Not for use with T12 ballasts.
- Not for use with magnetic HO ballasts.
- Not for use or to be wired to “mains voltage”.
