CREE

A Better Light Experience

The ENERGY STAR® certified Cree® PAR38 LED bulb is ideal for use indoors in a track or recessed can, or outdoors in security or landscaping lighting.

Delivering 1,510 lumens of 3000K bright white, halogen-like light while using just 16.5 watts, the Cree PAR38 LED bulb is available in two beam angles, a 27° spot for a precise focused light and a 47° flood for a wider pool of light. It is fully dimmable and designed to last more than 22 years (25,000 hours). The Cree PAR38 LED bulb is a worry-free choice backed by a 100% performance satisfaction guarantee.
